Duties

I have managed the Medicaid Estate Recovery (MER) program for the past 3 1/2 years. I developed the program to its present form and added 5 positions of recovery staff to investigate and recover from the estates of deceased recipients. Using investigative techniques, I found assets in deceased recipients estates and filed in probate court hearings for the states interest. I worked with the state's Deputy Attorney General staff as our legal representation to place liens on real property and to file legal motions to protect the State of Nevada's interest in those estates. I monitored policy and regulation for changes in federal policy, rules and regulations and wrote policy for any changes to state manuals.
