Explanation for Recommended Board Action: On April 19, 2012, the Board of Supervisors approved the Cultural Commission’s Annual Report and Work Plan, including the following initiative to “Pursue a public art ordinance for public works projects in Carson City” (Exhibit A). Since then, the Commission has discussed a variety of ideas for the public art program and its funding at all five of their past regularly scheduled meetings. In addition, on April 15, 2013, the Parks and Recreation Department on behalf of the Commission issued a press release seeking public comment on amending CCMC, Title 2, Chapter 2.41 to create a Public Art Program (Exhibit B). The Commission received a number of comments from City departments, the arts and cultural community, and the public (Exhibit C). These comments were reviewed by City staff and discussed with the Commission at their June 18, 2013, meeting (Exhibit D – Staff Report / Exhibit E – Meeting Minutes). After careful deliberation and thoughtful consideration of all the comments received, the Commission incorporated many suggested changes into the Public Art Program and then voted to recommend to the Board of Supervisors to amend Title 2, Chapter 2.41 of the Carson City Municipal Code to create a Public Art Program (Exhibit F).

The Cultural Commission believes that creating a Public Art Program is an essential investment in the community’s fabric. It will provide cultural, social, and economic (jobs/tourism) value to the community by helping shape the city’s quality of life, by creating a community identity with various forms of expression that embodies the community’s heart and soul, by providing a funding source that can be used as a capital project investment tool to promote the arts and cultural aspects of the community, and by invigorating our public spaces.

Applicable Statute, Code, Policy, Rule or Regulation: NRS 244.095, NRS 244.195, and CCMC 2.41.

Fiscal Impact: The Public Art Program’s fiscal impact to the City’s General Fund will vary from fiscal year to fiscal year (Refer to below Explanation of Impact).

Explanation of Impact: During the adoption of the City’s annual budget, and provided that the Board of Supervisors appropriates a General Fund transfer to the Capital Projects Fund for the City’s general government capital program, the Board shall identify and appropriate one and one-quarter percent (1.25%) of the transfer from the General Fund for the Public Art Program. The program would use one percent (1.0%) of the transferred funds for either construction/installation and/or purchase of art and the one-quarter percent (.25%) would be use for maintenance of the program’s art features.

Funding Source: The City’s General Fund.

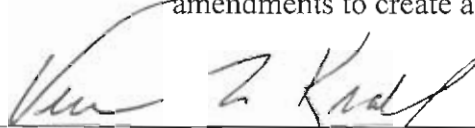

Alternatives:

- 1) Make changes to the Public Art Program.
- 2) Refer the Public Art Program back to the Cultural Commission and City staff for further consideration, with direction from the Board of Supervisors.

Mr. Jeffrey Scott, Chair
Carson City Arts & Culture Commission
3303 Butti Way, Building #9
Carson City, NV 89701

Dear Jeffrey:

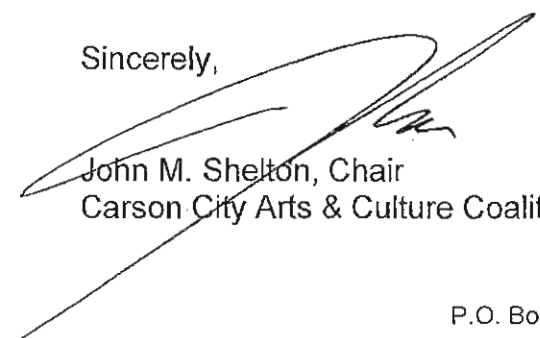

As you know, the Carson City Arts & Culture Coalition is an informal association of local artists, arts organizations and other interested parties interested in the advancement and stabilization of the arts in the Carson City area. We currently advise both the Brewery Arts Center and the Carson City Cultural Commission, regarding cultural policy, and are proud to have had a hand in the formation of the Commission several years ago. We believe the arts are not only an important quality of life indicator for our community, but are also one of the essential ways in which Carson City defines itself by the citizens who live here, and to the visitors that come here. The arts are an essential element in how we approach education, serve economic development and promote tourism in our community.

In that spirit, the Coalition fully supports and endorses the amended changes to the Carson City Municipal Code (Title 2, Chapter 2.41) to create funding for a public art program in Carson City. Municipal funding for the arts in Carson City via the Cultural Commission, is not only appropriate, it is long overdue. Carson City is beginning to acquire and maintain significant public works of art, and needs a mechanism by which the City can select and maintain quality artwork placed in a public setting. The addition of public artwork is an important element in a community's pride, heritage, overall aesthetic, and ability to cultivate and nurture creative talent.

Whereas the Coalition also believes that even broader funding for the arts is necessary to support performing arts and re-granting opportunities to artists and cultural nonprofits, the establishment of a public art program is a great first step. We encourage the City to expand program funding in the future, but to take precautions that protect revenue designated solely for public art, and that it not be compromised by other agendas outside the arts, or diluted to accommodate all other cultural issues requesting funds.

The Coalition membership is proud of Carson City's initiative to fund the arts publically, and is excited to participate in the community's growing and vibrant cultural environment.

Sincerely,

John M. Shelton, Chair
Carson City Arts & Culture Coalition

To members of the
Carson City Cultural Commission:

I'm writing on behalf of the Board of Trustees and members of The Carson City Symphony Association, a 501(c)3 nonprofit educational corporation, in strong support of the proposed amendments to Title 2, Chapter 2.41 of the Carson City Municipal Code to create a Public Art Program for our city.

We believe that public art, supported by public funds, will help Carson City develop an ambiance that inspires interaction and a positive sense of community for residents and visitors. It will invigorate our public places, enhance our local identity, and provide enduring artworks that express and respond to our physical, cultural, and social environment.

Our board recommends that

Committees formed to select and evaluate public art projects include one or more professional visual artists.

Funds for the Carson City Cultural Commission not be limited to the 1.25% proposed for public visual art, but to allow direct appropriations to the Commission to support community arts projects in the future.

Thank you for giving us the opportunity for public comment.

Sincerely,

Elinor H. Bugli

On behalf of the Board of the Mile High Jazz Band Association, I have been directed to write to the Cultural Commission to indicate the Association's broad support of changes to Chapter 2.41 of the Carson City Municipal Code for the creation of a Public Arts program (creation of Public Art Trust Department and Public Art Trust Maintenance Department).

We feel that a vibrant arts presence adds to the livability of our city, and that the changes outlined in the proposed changes help further our attainment of these worthy goals.

Dear Vern,

Thank you for the call for public comment on amending Title 2, Chapter 2.41 of the Carson City Municipal Code to create a Public Art Program. I have a number of comments on the proposed ordinance and appreciate the opportunity to submit them to the Carson City Cultural Commission.

The Capital City Arts Initiative [CCAI] commends the City and its Carson City Cultural Commission on their efforts to provide cultural, social, and economic value to our community by enhancing the arts and culture environment for residents and visitors. Great cities are loved for their cultural life. A vibrant artistic and cultural life helps a city grow and endure through time. Public art can invigorate Carson City's public spaces, encourage a positive self-image for the town, and embody the community spirit.

CCAI supports the City's efforts to create a Public Art Program including the 1% for acquiring works of art and the .25% for maintenance. CCAI encourages the Carson City Cultural Commission to recommend the Public Art Program Ordinance to the Board of Supervisors and recommends adoption.

In addition, we respectfully request several changes to the ordinance.

2.41.005 – Definitions

1. and 2. include good definitions. Please retain these.

5. Please amend to read: "Public art collection" means the works of art commissioned by the City, purchased by the City, or donated to the City.

Reason: the way this is currently worded, a seller of art is the active party in this sentence. The example offered in 5. is worded appropriately.

2.41.010 ongoing

On formatting/typos

° In that Carson City Cultural Commission is the proper name for the Commission, please amend the entire 2.41 Code to capitalize all 4 Cs in the Commission's name" Carson City Cultural Commission. There are many instances where it appears as "Carson City cultural commission."

2.41.080 – Cooperation of Carson City cultural commission [sic] with other private and public entities.

1: The commission may act in the capacity of a peer panel.

Problem: This is a good criterion but there is only one professional artist [theater] currently on the Cultural Commission. In this configuration, the Commission could not properly function as a "peer panel", especially as a visual arts/public art peer panel. When the Commission and/or the City wants to commission or purchase a piece of public art,

professional artists of the appropriate art discipline should be involved with the decision making process.

3. The Nevada Department of Cultural Affairs is now part of the Nevada Department of Tourism and Cultural Affairs. The Nevada Arts Council [NAC] is part of this agency; NAC would be the appropriate state agency partner. The Capital City Arts Initiative is a nonprofit visual arts organization based in Carson City since 2003; CCAI would be honored to participate with the Commission in this process.

2.41.090 Duties

Typo: change Carson City Arts & Cultural Coalition to Carson City Arts & Culture [delete the al and add an e] Coalition.

2.41.130 – Eligible expenses

- a. Artists' design services. This section should also include the word honoraria.
- Add: Fee for requested models: the City should pay artists a fee if the Commission or the City request models of proposed projects. Sometimes several finalists are asked to submit models in a competition.

2.41.140 selection criteria

2.41.150 selection process

- Add: The Cultural Commission will include professional artists of the appropriate art discipline in the jurying process.
- Add: the City will not charge an application fee to artists who submit work to the jurying process.

In closing, we appreciate the opportunity to comment on this proposed ordinance and enthusiastically encourage the City to continue on its path to enhance the cultural life for all citizens and visitors with this Public Art Program.

Sincerely,

Sharon Rosse

Subject: Public Arts Ordinance

I am writing in support of the Public Arts Ordinance. This innovative idea reflects an ideal that art is a driving force that raises the image of a community to businesses and tourists. Culture is vitally important as an economic driver in the community. Any effort our city makes to enhance culture in our city will foster economic growth.

I would like to add a recommendation that funds to be disbursed through this ordinance be distributed by a jury of professional artists.

Thank you,

Subject: Public Art Ordinance

Hi Vern --

Everything on the PAO looks pretty good -- congratulations on a good draft. My thoughts below:

- Item 2.41.070 #1-10 & Item 2.41.080 #2: We probably ought to make a distinction specific to the City/BAC as "competition" here will include a lot when it comes to programming and arts services. Much of what the City proposes is done by the BAC and could eventually be duplicitous once the Commission gets funding beyond public art installation. We need a separation of duties here. If the BAC is engaged as a possible management element for the City Arts Commission this will clear up much of the overlap.
- Item 2.41.080 #3: We should have the BAC listed specifically here, as our function community-wide far exceeds in mission, funding and scope simply being a member of the CCACC.
- Item 2.41.100 e & f: I'm assuming that all funding is currently directed for public art installation? Though I can see the option for future funding to also go to performing arts programming, criteria for performing arts event funding should be developed first before any public art funding is diverted for event use.
- The City should develop an inventory of local installations suitable for maintenance funding as part of the "public art collection".
- How does the State Prison fall under the jurisdiction of the Cultural Commission?
- The Commission should also have a big say in the process for selecting design standards for city planning.

Call me if you have questions.

Thanks,

JMS

Following are thoughts and observations regarding the CCMC Title 2, Chapter 2.41 re the Cultural Commission:

CCHHS would support the Cultural Commission and specifically a Public Art program, especially in terms of enhancing the quality of life. Staff added:

- Cindy Hanna offered:

We occasionally use temporary signs with a health message along a paved trail for public health week in Carson City with the thought of permanent signs in the future.

Should this be in 2.b

The "Medical Mile" has become an artistic expression of health designed to inspire, delight, and motivate people to make wellness-oriented lifestyle changes. It may include for example signs, plaques, mural wall, a wellness promenade with artful displays, as well as, a Body-Mind-Spirit entry plaza that encourages trail users to remember that a healthy mind and spirit are the key steps toward a healthy body.

- Angela Barosso offered:

2.41.005, Item 1. In the "Artist" practitioner description, does literature include poetry?

2.41.005, Item 2.d. The word "video" is repeated twice.

2.41.060, Item 8. In the second sentence, the word "most" should be "must."

2.41.070, Item 5. The phrase "group of artists" should be "groups of artists."

Please let me know if you have any questions

It is my opinion that since the City is short on fund to provide essential services that this is not the time to put forth this Code change.

Subject: TO VERN--my Comment--public art ordinance

Vern, (cc to all)
Two comments.

First. The definition of "ARTWORK OR WORK OF ART". 2,e,ii. the exception "film, video, photograph, printmaking or other media arts" needs to specifically include "music and theater." Music and theater are just too important to be left out or assumed. They are "media art" in that their distribution is often electronic. The current wording needs to include "music and theater" so no one questions that later.

Second. Public Art Selection Criteria, Section 8.

If the Commission merely engages in purchasing art and putting it about the community for the purpose of beautification, "art" will increasingly come to mean simply the installation of pretty things that arrive by truck from somewhere else. Art and, importantly, the process of art will not involve people in our neighborhoods. My suggestion is that you include language that states, "**priority in selection of projects and works will be given to those projects and artists that are tied to a sense of place, involve the community and work locally.**" With this language (and, hopefully, understanding) the money spent will be an investment, nourishing local culture.

**CULTURAL COMMISSION
STAFF REPORT**

MEETING DATE: June 18, 2013

AGENDA ITEM NUMBER: 3E

APPLICANT: Roger Moellendorf, Parks and Recreation Director
Vern L. Krahn, Park Planner

REQUEST: **For Possible Action:** To recommend to the Board of Supervisors approval of a Public Art Program Ordinance.

GENERAL DISCUSSION:

On March 19, 2013, the Cultural Commission approved a DRAFT Public Art Program Ordinance with only two changes. They were as follows:

- 1) To increase the one percent transfer to one-and-a quarter percent transfer, to cover the Public Art Program's on-going maintenance costs for all art from the date of adoption of this ordinance.
- 2) To remove Item 2F from this ordinance. Item 2F permitted the use of the Public Art Trust Maintenance Department funds for maintenance, refurbishing, and/or replacement costs of existing public art which was installed prior to the enactment of this ordinance.

Since the March meeting, Parks and Recreation Department staff began a process to distribute the DRAFT Public Art Program Ordinance to the public and City department directors. Staff has received a number of comments and they are attached to this staff report (Exhibit A – Press Release and Exhibit B – Public Comments). Based on reviewing these comments, staff has completed the following changes to the document (Refer to Exhibit C).

- 1) Corrected any identified typos and spelling and/or grammatical errors.
- 2) Added language that helped clarify the ordinance's intent.

However, not all comments received were incorporated into the ordinance. If individual Commission members want to add any unincorporated comments, please identify them during this agenda item so the entire Commission can discuss them.

RECOMMENDED ACTION: (Two Options)

- A) I move to recommend to the Board of Supervisors approval of a Public Art Program Ordinance, as presented – including approval of all the redline track changes.
- B) I move to recommend to the Board of Supervisors approval of a Public Art Program Ordinance, but with the following changes:

1) _____

closely with the Department of Corrections. Mr. Porada acknowledged the efforts of Lee Radkey, who had passed away 13 days after the bill was signed. He also stated that the next step would be to work with the necessary State agencies and develop a plan, in addition to undergoing the required volunteer training. Vice Chairperson Pro Tem Abowd inquired about State funding for the preservation efforts and was informed that such a request had not yet occurred, although the Department of Corrections did have a small fund for "some maintenance". District 40 Assemblyman Pete Livermore outlined the process by which the bills were introduced and either "died" or were sent to the Governor for signature. He was pleased that the presentation had been done in a very positive manner and had included Mayor Crowell, noting that the next step was to utilize the prison structure for the benefit of Carson City as one of the most historical buildings in Nevada. Assemblyman Livermore affirmed the Prison's potential for generating revenue, and hoped that the Society's 501(c) status could generate some grants as well. Chairperson Pro Tem Paslov entertained public comments; however, none were forthcoming.

E. FOR POSSIBLE ACTION: TO RECOMMEND TO THE BOARD OF SUPERVISORS APPROVAL OF A PUBLIC ART PROGRAM ORDINANCE. (6:47:13) – Chairperson Pro Tem Paslov introduced the item. Mr. Krahn gave background and reviewed the agenda materials, noting that a press release had been issued on April 15, 2013 outlining the Commission's actions to seek public comments on amending Title 2, Chapter 2.41 of the Carson City Municipal Code, to create a Public Art Program. Mr. Krahn also noted that in an interview with a local radio station he had confirmed that adoption of this ordinance would not result in tax increases, but would be using "leftover City funds". He referred to Exhibit B in the packets, incorporated into the records, which included all public comments received to date regarding the ordinance. Mr. Krahn also noted that an edited draft of the ordinance was included in the agenda packets and incorporated into the record. Ms. Russom confirmed that the ordinance had been written by Chief Deputy District Attorney Randy Munn. Mr. Krahn clarified that he had corrected the minor typographical errors and explained why some of the changes were not incorporated. Chairperson Pro Tem Paslov entertained public comments. Mr. Shelton indicated that the Coalition felt that "this was an incredibly significant move" towards funding, and was pleased that funds would be dedicated to public art. Ms. Rosse noted her agreement with Mr. Shelton and Mr. Bayer explained that the "performance side" could be addressed separately. Elinor Bugli, representing the Mile High Jazz Band Association and Carson City Symphony Association, noted that the two organizations she represented approved of the ordinance, adding that public art would enhance other art components as well. **Vice Chairperson Pro Tem Abowd moved to recommend to the Board of Supervisors a Public Art Program Ordinance, as presented – including approval of all the redline track changes. The motion was seconded by Commissioner Cook. Motion carried 4-0.**

F. FOR POSSIBLE ACTION: TO RECOMMEND TO THE BOARD OF SUPERVISORS APPROVAL OF THE CULTURAL COMMISSION'S MISSION STATEMENT AND BYLAWS. (7:15:30) – Chairperson Pro Tem Paslov introduced the item. Mr. Krahn reviewed the agenda items and thanked Ms. Russom for her role in authoring the document and incorporating the changes discussed in the previous Commission meeting. Ms. Russom explained that duplications, redundancies within the document and with the BOS policies which govern this Commission, had been removed to eliminate errors. Vice Chairperson Pro Tem Abowd was informed that new Commission members would receive a binder with the Mission Statement, Bylaws, and Open Meeting Law and contact information. Chairperson Pro Tem Paslov entertained public comments and when none were forthcoming, a motion. **Vice Chairperson Pro Tem Abowd moved to recommend to the Board of Supervisors approval of the Cultural Commission's Mission Statement and Bylaws, as presented with revisions suggested. The motion was seconded by Commissioner Dhami. Motion carried 4-0.** Vice Chairperson Pro Tem Abowd thanked Staff for their hard work.

G. FOR POSSIBLE ACTION: TO SCHEDULE A TOUR OF THE CITY OF RENO'S PUBLIC ART FOR CULTURAL COMMISSION MEMBERS. (7:23:02) – Chairperson Pro Tem Paslov introduced the item. Mr. Krahn gave background and noted that during the Arts at the Heart Convening event, he had observed that the "City of Reno had made very significant milestones related to how they developed their arts and culture community". Mr. Krahn praised Reno's Public Arts and Cultural Master Plans and suggested that the Commission embark on a fact-finding tour. Discussion ensued and it was agreed by the Commissioners to agendaize a presentation by Christine Fey, City of Reno Resource Development and Cultural Affairs Manager, prior to organizing a tour. Chairperson Pro Tem Paslov entertained public comments. Mr. Shelton suggested that the Commission plan on a tour to see public art on site on a later date. Ms. Rosse suggested requesting an inventory of public art in Reno during that presentation.
