Staff Summary: Staff will give an update on the implementation of this new system and some of the issues and challenges this new product has presented. We are currently using the payroll module only and have delayed implementation of any further modules until it could be determined that the system, as a whole, would provide the streamlined system initially promised. Other options outside of the High Line product are also being examined and staff will update the Board on what those options are and how they may be advantageous to the City.
