- 1. Statement reflecting your reasons for your interest in serving Carson City Airport Authority.

As a representative of manufacturing, I see the airport as an important resource and opportunity for bringing more business to Carson City.

As a pilot, I want to see the airport serve the Flying community as best it can. As a resident of Carson City, I want others in the community to view the airport as the valuable asset that it is and do what I can to help keep it something that Carson City residents can be proud of.

- 2. Why are you willing to serve as a member of the Carson City Airport Authority?

It is important to me to give back something to the community that has been the home of my family for the past 18 years. Volunteering as a member of the Airport Authority would allow me to do that while also offering the opportunity to be more involved with the activity around the airport and also give me a chance to get to know more of the people in Carson City who make aviation an important part of their lives.

3. **What do you envision as the future of the Carson City Airport?**

A new and improved airport, especially with the current realignment of the runway. An airport that is safer for pilots and for local residents, as well. I envision an airport that continues to be a source of commerce for Carson City and an asset to community, flying and non-flying alike.

As a representative of the industrial sector, I have a fairly good understanding of how an airport in close proximity to a manufacturing plant can improve business opportunities. I can work toward ensuring that the that the airport remains a valuable resource for manufacturers who are already here or interested in moving to Carson City.

2. A special election may be held only if the Board of Supervisors determines, by a unanimous vote, that an emergency exists. The determination made by the Board of Supervisors is conclusive unless it is shown that the Board of Supervisors acted with fraud or a gross abuse of discretion. An action to challenge the determination made by the Board of Supervisors must be commenced within 15 days after the Board's determination is final. As used in this subsection, "emergency" means any unexpected occurrence or combination of occurrences which requires immediate action by the Board of Supervisors to prevent or mitigate a substantial financial loss to the Authority or Carson City or to enable the Board of Supervisors to provide an essential service to the residents of Carson City.

3. The declaration of public interest or necessity required by this section and the provision for holding the election may be included in one resolution which, in addition to the declaration of public interest or necessity, must:

(a) Recite the objects and purposes for which the indebtedness is proposed to be incurred, the estimated cost of the works or improvements, the maximum amount of principal of the indebtedness and the maximum rate of interest to be paid.

(Ch. 844, Stats. 1989 p. 2028)

1. If the proposition is approved, the Board may issue and sell bonds of the Authority for the purpose recited in the proposition and in the resolution in the amount so provided and at a rate of interest not exceeding the rate of interest recited in the resolution.

2. Submission of the proposition to incur bonded indebtedness at a special, primary or general election does not prohibit submission of the proposition at any such subsequent election.

(Ch. 844, Stats. 1989 p. 2028; A—Ch. 345, Stats. 1993 p. 1095)

Sec. 18. Borrowing of money and issuance of bonds without election.

1. The Board may, with the affirmative vote of at least five trustees and the approval of the Board of Supervisors, borrow money without an election, if it is in anticipation of the collection of revenue, and may issue warrants and interim debentures to evidence the loan.

2. The Authority may, with the approval of the Board of Supervisors, issue bonds without the necessity of holding an election to acquire or improve an airport. The bonds must be made payable solely out of the net revenues derived from the operation of the airport or the furnishing of services at the airport. A single bond issue may be had for more than one airport or service, and the revenues from any airport or service provided by the Authority may be pledged to pay for any other airport or service. A single utility fund for any number of airports and services may be established and maintained.
