(8:37:27) Reba Montrose discussed concerns and inquired as to the possibility of imposing penalties against employers who hire "illegal aliens." In response to a question, Mr. Benton was unaware of any state or local ordinance providing for imposition of a penalty against employers who hire undocumented immigrants. "For the most part, immigration is a federal issue and the federal government has ... pre-empted the field." Ms. Montrose suggested that local government should address the issue, and discussed additional, related concerns regarding discrimination and the federal government's responsibility for oversight of illegal immigration. Mayor Crowell entertained additional public comment; however, none was forthcoming.

8. SPECIAL PRESENTATION OF A PROCLAMATION FOR "NATIONAL RADON ACTION MONTH," FEBRUARY 2010 (8:42:19) - Mayor Crowell introduced this item, read the language of the Proclamation into the record, and presented the original Proclamation to University of Nevada Cooperative Extension ("UNCE") Educator JoAnne Skelly. Principal Planner Jennifer Pruitt reviewed the agenda report, advised that the background investigation had been completed, and noted staff's recommendation of approval.

(8:48:32) Walgreen's Manager Lee Estabrook read a prepared statement into the record. In response to a question, he advised of no intent to stock any alcoholic beverage other than beer and wine. "It'll be just strictly ... beer and wine products, not some of those cross-over items that might be questionable."

In consideration of Walgreen's proximity to the high school, Member Williamson expressed the hope that Mr. Estabrook would impress upon his staff the seriousness of selling alcohol to minors and the likelihood of frequent compliance checks. Member Aldean commended Mr. Estabrook's statement in consideration of the serious responsibility associated with a liquor license. In response to a question, Mr. Estabrook expressed a willingness to have the Walgreen's employees participate in the Sheriff's Office alcohol servers training program. He described Walgreen's interactive training program for employees. Chairperson Crowell entertained additional comments or questions and, when none were forthcoming, thanked Mr. Estabrook for his store's good corporate citizenship and wished him well.

17. CITY MANAGER - PRESENTATION AND REPORT ON NEVADA DIVISION OF FORESTRY'S WILDLAND FIRE MANAGEMENT ACTIVITIES IN CARSON CITY (8:54:11) - Mayor Crowell introduced this item, and invited Nevada Division of Forestry Fire Management Officer Michael Klug to the podium. Officer Klug reviewed the report included in the agenda materials.

Supervisor Aldean discussed concerns associated with the U.S. Forest Service burning slash piles, in the Tahoe Basin, rather than having the material hauled to the biomass plant at the Northern Nevada Correctional Facility. Officer Klug was uncertain as to U.S. Forest Service practices, but advised that the Nevada Division of Forestry has a full-time forester assigned to the biomass project. A large semi-truck was purchased, with grant funding, into which wood is chipped at project sites and then hauled down to the biomass plant. Officer Klug discussed challenges associated with access; "getting logs down to the roads where we can get these chippers ... and bins in ..." He explained there is sometimes no choice but to burn slag piles in some of the steeper, more remote areas. "As much as we can, we're trying to get that stuff down to the biomass plant."

In response to a question, Officer Klug expressed the understanding that the fuels reduction program will continue in 2010. He discussed the collaborative effort which also involves the Carson City Open Space Division, various private landowners, and the U.S. Forest Service. He commended the shepherds on their diligence in moving the sheep frequently to ensure consumption of cheatgrass rather than the perennials and brush. In response to a further question, Officer Klug advised that Nevada Division of Forestry Administrator Pete Anderson continues to work with U.S. Forest Service representatives on the fuels reduction program. Mayor Crowell thanked Officer Klug, and requested him to convey the City's support of the fuels reduction program.

In response to a previous question, Open Space Division Manager Juan Guzman advised that the issues with the U.S. Forest Service relative to the fuels reduction program are "75 percent solved. It revolves around creating a system to monitor and be able to test what we do to make sure it's effective." U.S. Forest Service District Ranger Genny Wilson is very concerned over being able to demonstrate results. Mr. Guzman commended the Nevada Division of Forestry on their "invaluable" assistance with the fuels reduction program. He described the location of Carson City open space property adjacent to property owned by Nevada State Parks. "This summer, we expect to continue going south into our land, 101 acres ..." Mr. Guzman assured Supervisor Aldean that the "leftover" will be addressed in an appropriate manner. Discussion took place with regard to U.S. Forest Service concerns regarding the fuels reduction program.

Mayor Crowell entertained public comment and, when none was forthcoming, thanked Officer Klug and Nevada Division of Forestry representatives for their attendance and participation.

18. FIRE DEPARTMENT - ACTION TO INTRODUCE, ON FIRST READING, AN ORDINANCE AMENDING CARSON CITY MUNICIPAL CODE, CHAPTER 4.05, SURCHARGE FOR ENHANCEMENT OF IMPROVEMENT OF TELEPHONE SYSTEM USED FOR REPORTING EMERGENCIES, SECTION 4.05.010, AUTHORITY AND PURPOSE, BY DELETING REFERENCE TO "MASTER PLAN," AMENDING SECTION 4.05.020, DEFINITIONS, BY ADDING THE DEFINITION OF A "TELEPHONE SYSTEM," AMENDING SECTION 4.05.030, ESTABLISHMENT OF AN ADVISORY COMMITTEE TO DEVELOP A PLAN TO ENHANCE OR IMPROVE TELEPHONE SYSTEM FOR REPORTING EMERGENCY, BY DELETING THE REFERENCE TO THE "MASTER PLAN," AMENDING SECTION 4.05.080, IMPOSITION OF TELEPHONE SURCHARGE, BY REQUIRING THE BOARD OF SUPERVISORS TO REVIEW THE MASTER PLAN ON AN ANNUAL BASIS AND DELETING

CERTAIN OUT-OF-DATE PROVISIONS REGARDING THE IMPLEMENTATION OF THE SURCHARGES, AMENDING SECTION 4.05.090, CREATION OF A SPECIAL REVENUE FUND; USE OF MONEY IN FUND, BY IDENTIFYING SPECIFIC SOFTWARE THAT CAN BE PURCHASED OR LEASED AND INCREASING THE ALLOWABLE FUND BALANCE FROM \$500,000 TO \$1,000,000, ADDING SECTION 4.05.110, DISPUTE OF AMOUNT OF SURCHARGE OR DESIGNATION OF PLACE OF PRIMARY USE BY CUSTOMER OF SUPPLIER OF MOBILE TELEPHONE SERVICE: NOTICE TO CUSTOMER; REVIEW BY SUPPLIER; REFUND, CREDIT, OR EXPLANATION, THAT SETS FORTH A PROCESS WHEREBY A CUSTOMER CAN SEEK REVIEW OF THE CHARGE THAT IS APPLIED TO HIS PHONE SERVICE, AND OTHER MATTERS PROPERLY RELATED THERETO (9:06:59) - Mayor Crowell introduced this item. Fire Chief Stacey Giomi provided background information, reviewed the agenda report and the proposed ordinance. In response to a question, he advised that the 9-1-1 Surcharge Advisory Committee will review the master plan at their March meeting. The master plan will then be forwarded to this Board for review and approval. In response to a further question, Chief Giomi estimated that the surcharge will generate approximately \$220,000 per year. He estimated \$140,000 currently in the fund "after about a year ..." He acknowledged that service providers are collecting the surcharge and allocating it to the appropriate counties. He responded to questions of clarification regarding the method by which the 9-1-1 surcharge is paid.

As a public service announcement, Chief Giomi discussed issues associated with internet protocol phone service. "The 9-1-1 component of that does not work the same way and those phone systems don't work the same way." Chief Giomi cautioned anyone with an internet-only phone to ensure a battery backup to the system and that address information is properly programmed. Internet phone providers "don't have to follow the same regulations that the phone companies have to follow in terms of how the 9-1-1 data comes across. And it has caused some problems for people in getting a delay in service ..."

Chief Giomi acknowledged the possibility of needing to accumulate \$1 million in the surcharge revenue fund. "A lot of the technologies that are moving forward, the internet protocol technology is one ... and, as that technology moves forward, it gets rather expensive to replace ..." He advised of the need to replace the 9-1-1 system after 2012 due to expiration of the current maintenance contract. He discussed the importance of accumulating sufficient funding to avoid encumbering the general fund. Supervisor Aldean advised of a language inconsistency throughout the proposed ordinance, and Chief Giomi offered to check into it and revise accordingly for second reading.

In response to a further question, Chief Giomi advised that the reverse communications system, purchased following the Waterfall Fire, will work only for land lines. "We don't have a way to access a database for cell phones so it only works for land lines or for people who go to our website and put in their cell phone number ... and ... address." Chief Giomi explained that the reverse communication system is based on geographic area.

Mayor Crowell entertained public comment and, when none was forthcoming, a motion. **Supervisor Williamson moved to introduce, on first reading, Bill No. 101, an ordinance amending Carson City Municipal Code, Chapter 4.05, Surcharge for Enhancement of Improvement of Telephone System Used for Reporting Emergencies, Section 4.05.010, Authority and purpose, by deleting references to "master plan," amending Section 4.05.020, Definitions, by adding the definition of a "telephone system," amending Section 4.05.030, Establishment of an advisory committee to develop a plan, and other matters as published on the agenda. Supervisor Livermore seconded the motion. Motion carried 5-0.**

19. PARKS AND RECREATION DEPARTMENT, OPEN SPACE DIVISION - ACTION TO ACCEPT THE RECOMMENDATION OF THE OPEN SPACE ADVISORY COMMITTEE TO APPROVE THE OPEN SPACE DIVISION WORK PROGRAM CALLING FOR THE ADMINISTRATION OF THE OPEN SPACE PORTIONS OF THE QUALITY OF LIFE FUND FOR ACQUISITION, RESTORATION OF NATURAL RESOURCES, DEVELOPMENT, AND MANAGEMENT OF OPEN SPACE AND RELATED PROPERTIES FOR CALENDAR YEAR 2010 (9:18:47) - Mayor Crowell introduced this item. Open Space Division Manager Juan Guzman reviewed the agenda report in conjunction with displayed aerial photographs. He responded to questions regarding anticipated time frames associated with the proposed acquisitions listed in the work program and with the federal lands bill. Supervisor Livermore provided a brief overview of Mr. Guzman's presentation to the Parks and Recreation Commission on Tuesday, February 2nd, and advised of having requested Mr. Guzman to check into the possibility of having the 40 acres of BLM property along Edmonds Drive included back in the federal lands bill for eventual transfer of ownership to Carson City. In response to a question, Mr. Guzman described the location of the 40 acres at the western terminus of Koontz Lane. "Since those 40 acres are not to be used by BLM" for construction of the hot shots facility, Mr. Guzman anticipates that the BLM will be amenable to having them included back in the federal lands bill. Supervisor Aldean cautioned Mr. Guzman that the BLM may be unwilling to allow the 40 acres to be "reabsorbed into the lands bill until they are reasonably certain that they'll be able to move forward with the facility in Douglas County." Discussion followed.

Mr. Guzman reviewed the Open Space Acquisition and Management chart included in the agenda materials. Mayor Crowell commented on the "phenomenal" open space available in the community, and on the attractiveness of open space to visitors and potential residents. He commended Mr. Guzman and the Open Space Advisory Committee. In response to a question, Mr. Guzman advised of approximately 1,100 acres of open space in the City. In response to a further question, he clarified, "That doesn't include the lands that the utility owns" which are managed by the Open Space Division. He advised these lands comprise "about 5,000 more acres." "When the lands bill ends, ... Carson City will be in control of around 6,500 acres ..., most of it concentrated around the River, but there will be also a big swath along the west side of Carson City, the interface area."

Mayor Crowell entertained public comment and, when none was forthcoming, a motion. **Supervisor Williamson moved to accept the recommendations of the Open Space Advisory Committee to approve the Open Space Division Work Program calling for the administration of the open space portions of the Quality of Life fund for acquisition, restoration of natural resources, development, and management of open space and related properties, for calendar year 2010. Supervisor Livermore seconded the motion. Motion carried 5-0.** At Mayor Crowell's request, Mr. Guzman agreed to convey the Board's appreciation to the Open Space Advisory Committee.

20. FINANCE DEPARTMENT

20(A) ACTION TO INTRODUCE, ON FIRST READING, AN ORDINANCE DESIGNATED AS THE "2010 HIGHWAY REVENUE BOND ORDINANCE;" AUTHORIZING THE ISSUANCE BY CARSON CITY OF ITS FULLY REGISTERED "CARSON CITY, NEVADA, HIGHWAY REVENUE (MOTOR VEHICLE FUEL TAX), SUBORDINATE LIEN IMPROVEMENT BONDS, SERIES 2010" FOR THE PURPOSE OF FINANCING STREET AND HIGHWAY CONSTRUCTION; PROVIDING THE FORM, TERMS, AND CONDITIONS OF THE BONDS, AND OTHER DETAILS IN CONNECTION THEREWITH; AND PROVIDING THE EFFECTIVE DATE HEREOF (9:38:25) - Mayor Crowell introduced this item. Finance Department Director Nick Providenti introduced Public Works Department Director Andrew Burnham and Bond Counsel Jennifer

Stern, and reviewed the agenda report. Ms. Stern provided background information on the outstanding 2003 and 2008 bonds which have a first lien position on four cents of the City's fuel tax, and the purpose for the proposed ordinance. She responded to questions of clarification.

In response to a question, Mr. Burnham advised of having contacted NDOT representatives, at Ms. Stern's suggestion, to discuss "modifying the agreement such that we aren't pledging any gas tax monies. We are just obligating ourselves to pay the amounts rather than actually obligating ourselves to a percentage of our gas taxes." Discussion followed, and Mr. Burnham acknowledged that the City will have access to gas tax revenues for ongoing maintenance until the money is actually pledged to NDOT to fulfill the City's obligation to help fund the balance of the freeway construction after its completion. He further acknowledged that the revenue will be adequate to meet ongoing maintenance requirements. Mr. Providenti responded to questions of clarification regarding the language of the proposed ordinance in consideration of accessing funds for ongoing maintenance purposes. Supervisor Aldean reviewed suggested corrections to Sections 510 and 606 of the proposed ordinance.

In response to a question, Mr. Burnham advised that the Roop Street Widening Project, Phase 2 "is the principal project." In response to a comment, he advised that a Reno company submitted the low bid. Supervisor Williamson requested staff to include an estimate of the number of jobs the projects will create. Supervisor Aldean advised that the bonds will likely also fund completion of the Silver Oak Drive connection with Carson Street, the freeway landscape project, and various maintenance projects, including the reconstruction of Lompa Lane, Boeing Way, and Convair.

Mayor Crowell entertained public comment and, when none was forthcoming, a motion. **Supervisor Aldean moved to introduce, on first reading, Bill No. 102, an ordinance designated as the "2010 Highway Revenue Bond Ordinance;" authorizing the issuance by Carson City of its fully registered "Carson City, Nevada Highway Revenue (motor vehicle fuel tax) Subordinate Lien Improvement Bonds, Series 2010" for the purpose of financing street and highway construction; providing the form, terms, and conditions of the bonds, and other details in connection therewith, and providing the effective date hereof. Supervisor Williamson seconded the motion. Motion carried 5-0.**

20(B) ACTION TO ADOPT A RESOLUTION CONCERNING THE FINANCING OF SEWER PROJECTS; DIRECTING THE CLERK TO NOTIFY THE CARSON CITY DEBT MANAGEMENT COMMISSION OF THE CITY'S PROPOSALS TO ISSUE GENERAL OBLIGATIONS THEREFORE; PROVIDING CERTAIN DETAILS IN CONNECTION THEREWITH; PROVIDING FOR THE REIMBURSEMENT OF EXPENDITURES FROM THE PROCEEDS OF BONDS; AND PROVIDING THE EFFECTIVE DATE HEREOF (9:51:11) - Mayor Crowell introduced this item. Mr. Providenti provided background information and reviewed the agenda materials. In response to a question regarding the rate increase authorized by the Board in July 2009, Mr. Burnham explained that declining revenues account for the need to issue the general obligations. In response to a further question, Mr. Burnham listed the projects to be funded, as follows: \$1 million for Roop Street sewer reconstruction and approximately \$2.5 to \$3 million to replace the north lift pump station at the Wastewater Treatment Plant. Mr. Werner provided additional clarification regarding the projects.

Mr. Burnham acknowledged anticipation of additional expenses associated with completion of the freeway. In response to a further question, he estimated \$2 to \$3 million for a required utility crossing under the freeway. Supervisor Livermore noted that the need to issue the general obligations is "not attributed to us

relinquishing our connection fees.” Mr. Werner agreed and provided statistical information regarding building permits issued in 2008 and 2009. Supervisor Livermore noted that new construction will help pay the indebtedness.

In response to a question, Mr. Providenti advised that the coverage requirement for the proposed general obligations is one times. In response to a further question, he advised that the coverage requirement for the existing bonds is also one times. “As long as we’re paying the bonds, there really is not going to be that much of an issue.” Mr. Providenti discussed the philosophy to pay debt service payments “first before we do anything else. ... We never anticipate not paying bond payments.” Discussion followed and, in response to a question, Ms. Stern explained that the water and sewer bonds issued by the City are all general obligations additionally secured by “either the pledged revenues of the sewer system or the pledged revenues of the water system.” The City will covenant, in the bond ordinance authorizing the bonds, to keep rates and charges, together with other revenues, sufficient to be able to cover debt service on the outstanding general obligation sewer bonds or general obligation water bonds. Ms. Stern further explained that fund balance can be used to make those payments prior to increasing rates and charges. “If you do not have the other available revenues then, next, the bond holders would look to the general fund. And if there’s insufficient revenues there, then they would look for you to levy a general obligation tax to pay the remainder of the deficiency. ... to my knowledge, that has never been done.” Ms. Stern explained that the additional general obligation in security keeps the rates very low on these kinds of bonds. “Additionally, ... a portion of the water bond ... as well as the sewer bond will be placed with the state revolving fund, and those are below fair market value interest rates.” In response to a question, Ms. Stern explained that the federal government appropriates funding to the state revolving fund. “With that federal money in the state revolving fund, together with interest and principal payments that are made by other governments that access the revolving fund, it can bring that interest rate down.”

Mayor Crowell entertained public comment and, when none was forthcoming, a motion. **Supervisor Livermore moved to adopt Resolution No. 2010-R-7, a resolution concerning the financing of sewer projects, directing the Clerk to notify the Carson City Debt Management Commission of the City’s proposal to issue general obligations therefore; providing certain details in connection therewith; providing for the reimbursement of expenditures for the proceeds of bonds; and providing the effective date hereof. Supervisor Walt seconded the motion. Motion carried 5-0.**

20(C) ACTION TO ADOPT A RESOLUTION CONCERNING THE FINANCING OF WATER PROJECTS; DIRECTING THE CLERK TO NOTIFY THE CARSON CITY DEBT MANAGEMENT COMMISSION OF THE CITY’S PROPOSALS TO ISSUE GENERAL OBLIGATIONS THEREFORE; PROVIDING CERTAIN DETAILS IN CONNECTION THEREWITH; PROVIDING FOR THE REIMBURSEMENT OF EXPENDITURES FROM THE PROCEEDS OF BONDS; AND PROVIDING THE EFFECTIVE DATE HEREOF (10:02:51) - Mayor Crowell introduced this item, and Mr. Providenti reviewed the agenda materials. In response to a question, he advised of an anticipated 25 to 30 percent rate increase. “We’re actually working on a rate structure that might change the rates a little bit ...” Before the bonds are issued, the Board will decide on the rates which Mr. Providenti anticipated being agendized for April.

In response to a question regarding the projects to be funded, Mr. Burnham explained that Carson City’s share of the Douglas County intertie project is included in the \$32 million. He acknowledged the purpose of the project to avoid constructing a uranium treatment plant “which is substantially more costly ...” Supervisor Livermore encouraged Mr. Burnham to “develop the alternative numbers ...”

CARSON CITY BOARD OF SUPERVISORS
Minutes of the February 4, 2010 Meeting
Page 9

Mayor Crowell entertained public comment; however, none was forthcoming. He noted the significance of the intertie project as a “prime example of regional cooperation that we need to ... celebrate because it’ll pay dividends down the road.” Supervisor Williamson agreed and noted that the Carson Water Subconservancy District has contributed \$125,000 per year for the last 20 years to provide for increasing demands. In response to a question, Mr. Burnham advised that the Indian Hills General Improvement District is considering a “fairly large rate increase” to fund their portion of the intertie project. He recalled a recent substantial rate increase in Douglas County. He offered to make the information available at the time the Board considers rate increases. In response to a comment, he advised that Public Works Department staff had conducted a comparison. “With our increase, we were still, in many instances, under the rates of most of our neighbors.” Mr. Burnham agreed to provide the comparisons.

Mayor Crowell entertained a motion. **Supervisor Aldean moved to adopt Resolution No. 2010-R-8, a resolution concerning the financing of water projects, directing the Clerk to notify the Carson City Debt Management Commission of the City’s proposal to issue general obligations therefore; providing certain details in connection therewith; providing for the reimbursement of expenditures from the proceeds of bonds; and providing the effective date hereof. Supervisor Livermore seconded the motion. Motion carried 5-0.**

20(D) ACTION TO ACCEPT THE CARSON CITY COST ALLOCATION PLAN FOR THE FISCAL YEAR ENDED JUNE 30, 2009 (10:11:09) - Mayor Crowell introduced this item. Mr. Providenti reviewed the agenda materials and, in response to a question, provided examples of various cost allocations. He discussed the method by which the plan is developed, including department manager interviews and culling information from time allocation forms. He acknowledged this year’s methodology is consistent with that which was used last year. In addition, he advised that the methodology is accepted by the federal government in their A87 plans for charging grants. He and Mr. Werner responded to additional questions of clarification. Discussion followed and, in response to a further question, Mr. Providenti reviewed the costs for developing the cost allocation plan. He noted benefits of having the plan developed externally. He responded to additional questions of clarification regarding the allocations associated with advisory committee meetings.

Mayor Crowell entertained public comment and, when none was forthcoming, a motion. Supervisor Livermore advised of the intent to support the recommended action even though he didn’t “quite agree with all the things. It’s a large organization. The resources have got to come from some place.” **Supervisor Livermore moved to accept the Carson City Cost Allocation Plan for fiscal year ending June 30, 2009. Supervisor Williamson seconded the motion. Motion carried 5-0.** Mayor Crowell commended the discussion.

21. ACTION TO RECESS INTO CLOSED SESSION, PURSUANT TO NRS 288.220, TO MEET WITH MANAGEMENT REPRESENTATIVES REGARDING LABOR NEGOTIATIONS (10:29:03) - Mr. Werner suggested a method by which to address this item. (10:29:48) Mayor Crowell closed the Board of Supervisors session, pursuant to NRS 288.220, to meet with management representatives regarding labor negotiations.

22. SHERIFF - ACTION TO ACCEPT THE SECOND AMENDMENT TO THE AGREEMENT BETWEEN CARSON CITY AND THE CARSON CITY SHERIFF’S SUPERVISORY ASSOCIATION, ON BEHALF OF THE CARSON CITY SHERIFF’S LIEUTENANTS, JULY 1, 2007 - JUNE 30, 2012, TO RECOGNIZE THE POSITION TITLE OF CAPTAIN (11:24:58) - Mayor Crowell reconvened the meeting, and introduced this item. Mayor Crowell provided a brief overview of the discussion which took place during the closed session, advising of the need to clarify certain language in the amendment. Consensus was to have the language revised, submit it to the bargaining unit, and then resubmit it to the Board. Mayor Crowell entertained a motion. **Supervisor Livermore moved to continue this item to a future agenda. Supervisor Aldean seconded the motion. Motion carried 5-0.**
