<p>Explore setting aside a percentage of Community Development Block Grants for housing projects that can be used for refurbishing existing homes.</p>	<p>Complete</p>	<p>The City's HUD representative confirmed that CDBG funds cannot be used to rehabilitate structures for transitional housing. Therefore, there is no need to pursue this initiative further to use CDBG funds for transitional housing.</p> <p>CDBG funds could be used to rehabilitate a residential structure that is owned by or was to be sold to a low- to moderate-income household, or for a rental property that is rented to low- to moderate-income households. However, in order to do this, a program must be in place to permanently monitor the housing affordability, which would require ongoing resources. Until such resources are found and in place, it is premature to set aside funding for rehabilitation.</p> <p>Staff will continue to work with applicable agencies to explore other possibilities to help address transitional housing issues.</p>
<p>Educate the public on new opportunities for home ownership and encourage programs such as the Nevada Rural Housing Authority "Home at Last Wish Program".</p>	<p>Complete</p>	<p>The Planning Division has created a Housing webpage on the City's website to distribute information on housing programs. By maintaining a Housing webpage, the City is able to distribute information to the public regarding the various housing agencies in Carson City, new opportunities for homeownership, affordable housing programs, grants, current housing articles, and housing events such as foreclosure seminars. This resource compiles all housing related information onto one page and is updated weekly. Also being used to distribute housing information is CCNET, the City's internal website, which will display opportunities related to housing on their main page.</p> <p>The Planning Division has been assigned as the lead division for the City for directing public inquiries regarding housing, and a staff person has been assigned as the lead regarding housing issues for the ongoing support of public education on housing issues. Public education will be ongoing.</p>

A Healthy Community

Families in need are offered short term assistance and provided resources to become self supportive.

Utilize tax default properties as a stepping stone into transitional housing for at-risk individual / families.	Complete	To date, no tax default properties have come available that would be suitable for this purpose. Staff has learned that CDBG funds cannot be used to assist in the creation of transitional housing, as previously reported. Therefore, other funding sources will have to be identified and obtained in order to renovate and operate a transitional housing facility, even if an appropriate tax default property comes available.
Explore the possibility of hotel property currently owned by a developer to renovate for housing at mixed income levels that would also include transitional housing.	Complete	There are presently no such motel properties available for sale or change of use, and there are many issues to consider and evaluate in trying to convert a current motel into a residential facility. There may be other avenues for development of transitional housing that may be more attainable.

A Clean and Healthy Environment

Renewable energy is used in City facilities where feasible.

<u>Initiative</u>	<u>Status</u>	<u>Status Report</u>
Design a program and associated policies regarding non-renewable energy reduction efforts, including development of renewable sources and other energy conservation efforts.	Complete	Staff has determined that this initiative is not necessary. Renewable projects have been successfully developed based using grants and based upon cost recovery analysis.

A Vibrant, Diverse and Sustainable Economy

Local businesses are supported.

Develop a new RACC with revised membership requirements and by-laws.	Complete	A new RACC membership including two representatives from Redevelopment Area #2 have been appointed, and by-laws have been amended, accordingly.
Facilitate development of revised objectives for RDA #2 from the newly created RACC.	Not started	The second RACC representative for Redevelopment Area #2 was appointed in April 2012. Discussions regarding potential amendments to the RDA #2 Plan will begin this summer and will likely continue through 2012 before adopting revised objectives.
Adopt specific design standards for commercial development and public-use development within the V&T Specific Plan Area to protect the scenic quality of the V&T route.	Not started	Staff plans to proceed with an inventory of the existing uses and conditions in the area for a report to the BOS for more direction on zoning and design standards for the area. Staff will also evaluate the Development Standards to determine what, if any, amendments are needed for future development. Staff believes the development standards are generally adequate; however, existing development in the area pre-dates the current standards and generally does not meet the current standards.
Develop the special event policies based upon recommendations of the current Redevelopment Authority Citizens Committee.	Complete	The Board of Supervisors adopted new policies and procedures for Redevelopment special event funding on December 1, 2011. These procedures will be implemented for special event funding allocations beginning in spring 2012.

A Vibrant, Diverse and Sustainable Economy

Develop a complete cascading system of scorecards (objectives and performance measures) that tie financial resources to outcomes.	In progress 70% complete	Progress continues in developing scorecards at the program level. With the loss of Heidi Hermann from the City Manager's staff, the project has slowed. The consultant leading this project has taken up the performance system related duties previously held by Heidi, but those will be migrated to the Department level this year. Migration of responsibility for maintenance of the Performance Management System to the Department level will be the emphasis of work by the consultant during the upcoming fiscal year.
