

MEMORANDUM

RECEIVED

NOV 17 2006

CARSON CITY
COMMUNITY DEVELOPMENT

DATE: November 17, 2006
TO: Jennifer Pruitt – Planning
FROM:  Jeff Sharp – Engineering
RE: TSM 06-203 Summer Hawk
Engineering Text for Planning Commission Staff Report

The following text is offered for inclusion in the Planning Commission staff report for the above referenced land use proposal:

GENERAL: The Engineering Division has considered the elements of NRS 278.349, the Carson City Municipal Code and the Carson City Development Standards in its review of the tentative map described above.

This recommendation for 'approval with conditions' from the Engineering Division is based on conceptual level analysis that indicates the development as proposed will currently meet or will meet with concurrent improvements, prior to final map approval, Nevada Revised Statutes, the Carson City Municipal Code and the Carson City Development Standards. With the request for final approval of any and all phases, detailed engineering analysis addressing the following issues and recommending system improvements will be submitted to the Engineering Division.

FINDINGS: The Conceptual Findings by the Engineering Division are:

(a) *Environmental and health laws and regulations concerning water and air pollution, the disposal of solid waste, facilities to supply water, community or public sewage disposal and, where applicable, individual systems for sewage disposal;*

The development is required to comply with all applicable environmental and health laws concerning water and air pollution and disposal of solid waste. The development will be served by the Carson City Community Water System and the Carson City Wastewater Collection System.

(b) *The availability of water which meets applicable health standards and is sufficient in quantity for the reasonably foreseeable needs of the subdivision;*

Water supplied to the development will meet applicable health standards. Neither Carson City's water supply nor wastewater treatment capability will be exceeded by final approval of this development.
