KEY STEPS TO SILVER

- » Appoint an official Bicycle Advisory Committee to create a systematic method for ongoing citizen input into the development of important policies, plans, and projects.
- » Increase the amount of high quality bicycle parking throughout the community.
- » Continue to expand the on and off street bike network and to increase network connectivity. On roads with posted speed limits of more than 35 mph, it is recommended to provide protected bicycle infrastructure.
- » Install a bicycle wayfinding system along touring routes.
- » Make intersections safer and more comfortable for cyclists.
- » Offer bicycling skills training opportunities for adults more

frequently.

- » Host a League Cycling Instructor (LCI) seminar or sponsor the certification tuition of interested cyclists to increase the number of certified bicycle safety instructors in your community.
- » Promote cycling throughout the year by offering or supporting family-oriented community or social rides, and bicycle-themed festivals, parades or shows.
- » Ensure that police officers are initially and repeatedly educated on traffic law as it applies to bicyclists and motorists.
- » Update the Unified Pathways Master Plan. The overarching goal should be to encourage residents to bike more often for recreation and transportation.
