
Subject:

FW: Website Form - Feedback for BOS

LATE MATERIAL

MEETING DATE 04/02/15

ITEM # #28C

Submission information

General comments and/or questions for the Mayor and the Board of Supervisors:

To: Mayor/Supervisors/City Manager

From: Ande Engleman

RE: SB368 and AB458

Neither of these bills has been scheduled for hearings, but when/if they are, I will be testifying in opposition. I believe that Carson residents spoke clearly in the last election that they are not in favor of this proposal.

Having spent numerous hours and over \$1,000 of my personal money in trying to pass this ballot question, I think my testimony will be significant.

Please be aware that all bills must pass out of committee by April 10. Any left in the committee are dead. Also, these bills are Democratic-based. Republicans largely voted against them every session they were heard. And the Governor has been pretty clear about vetoing this legislation.

I cannot attend this Board meeting, but wanted you to know this for your discussion. I look forward to seeing you when I give my report from the UFOC.

By the way, this feedback is a great addition to the Carson website.
