A. DISCUSSION AND ACTION ON INTERLOCAL CONTRACT FOR COMPUTER MODELING OF THE CARSON RIVER (2-0672) - The issues related to the Bodie Dam and upper Carson River were noted. Although Carson City's direct benefits appear negligible at this time, participation at this time would enable the City to utilize the information gleaned by the computer model for future needs. For this reason, the cost was being shared on a perceived pro rata benefit ratio. Supervisor Fetic explained the Subconservancy issues and program benefits for Carson City. Due to the long-range benefits, he supported funding the program. The District, Douglas and Lyon Counties have approved the agreement. The Subconservancy would own the software. It will be housed at Kennedy-Jenks-Chilton, however, a copy would be available at the Utility Division. Ms. Timian-Palmer noted the information shortage in Douglas County and explained her concern that valid information be utilized and the ongoing cost of the program. The program is not compatible with the USGS model. Short-range benefits were difficult to perceive, however, long-range benefits may be possible. Douglas County's concern about the potential transfer of Dangberg water rights were noted. Supervisor Fetic moved that the Board approve entering an Interlocal Contract with Carson "CITY" Water Subconservancy District for computer modeling of the Carson River and directing staff to proceed with the necessary budget modifications to fund said contract, fiscal impact not to exceed \$8,500, funding source 50 percent 420 and 50 percent 520. Mr. Berkich agreed that the funds were available within the City Manager's budget. Supervisor Tatro then continued the motion to include funding source within the City Manager's account. (2-2367) - Following Mayor Teixeira's recommendation, Supervisor Tatro moved that Supervisor Feticc be named Mayor Pro-Tem for Carson City. Supervisor Smith seconded the motion. Motion carried 5-0.

Mayor Teixeira then recommended Ron Swirczek remain as the City representative to the Subconservancy for the end of his term -- which is six months. This appointee does not have to be a Board member. Supervisor Tatro moved that the Board retain Ron Swirczek as a member of the Subconservancy District representing Carson City. Supervisor Smith seconded the motion. Motion carried 5-0.

Supervisor Feticc then gave a report on the resignation of the Subconservancy District Chairperson Maryanne Hammer. As he is the Vice Chairperson, he would automatically become Chairperson until the District appoints another Chairperson. He then explained his desire to resign as the Vice Chairperson and to recommend that Mr. Swirczek be appointed Chairperson.

Mayor Teixeira then recommended Supervisor Tatro be appointed to the Convention and Visitors Bureau. Supervisor Tatro noted his involvement with the Bureau and desire to be appointed. Supervisor Smith moved that the Carson City Board of Supervisors appoint Supervisor Tom Tatro to serve on the Carson City Convention and Visitors Bureau. Supervisor Feticc seconded the motion. Motion carried 5-0.

Supervisor Tatro then explained his involvement with the Parks and Recreation Commission and desire to remain on the Commission until after the master plan has been adopted and until completion of several goals and objectives which should be sometime in calendar year 1991. He suggested that Supervisor Smith be made the Board's official appointee and have himself appointed to fill the current vacancy. Board discussion indicated the feeling that this would place two Board members on the Commission which was in opposition to the policy. The pros and cons of the suggestion were discussed. Supervisor Tatro then moved that the Board replace him with Supervisor Greg Smith as the Board's representative on the Parks and Recreation Commission. Supervisor Bennett seconded the motion. Motion carried 5-0.

13. SUPERVISOR SMITH (2-2956) - Requested the City Manager investigate when the Health Department was originally contacted about the Como Street apartment problem and determine the action taken up to the time the District Attorney's office was notified. He was concerned about the flow of communication between Departments. Reasons for his concern were detailed. (3-0001) He was also concerned about the Como Street apartment complex requirements mandate that obligations be kept current after filing. If this is true, he urged the District Attorney's office to take legal steps mandated to correct the entire situation and mitigate damages to the City. Mr. Berkich explained that a meeting had been scheduled with the District Attorney's Office on the Woodgate matter and would report back on both issues. An agenda item was not requested at this time but may in the future. (3-0108) Mr. Waters explained his office's actions during the bankruptcy proceedings. The last payment was made in September. Due to staffing levels and processing procedures, action had been delayed until this time. Additionally, his office had not forced the procedures due to the effect it would have on the tenants. He was willing to contact the attorney/courts and

have the situation rectified. This would in all probability force the filing of Chapter 7. If the water and sewer services are terminated, this would also force the filing of Chapter 7.

14. SUPERVISOR FETTIC (3-0105) - None.

15. SUPERVISOR TATRO (3-0201) - Requested the request of the policy and communication procedures on emergencies and delinquent accounts and not just the Como (Woodside) account. Outlined the last Parks and Recreation Commission meeting and need for additional information from its staff. He requested the City Manager meet with the Parks and Recreation Director and determine the impact created by the Commission's need for additional information would create in an attempt to become proactive rather than reactive in its reporting and decision-making process.

16. SUPERVISOR BENNETT (3-0325) - Noted Carson-Tahoe Hospital Administrative Tom Collier's resignation. She commended him on his efforts during his 13-year tenure. The Neighborhood Beautification/ Nuisance Abatement Committee progress was explained. Public Works has a draft policy on the issuance of nuisance citations. Her feelings on the nomination to the TRPA Vice Chairpersonship were explained.

12. MAYOR TEIXEIRA - CONTINUED (3-0431) - Requested the record reflect his comments commending Mr. Berkich on his dedication and response to the earthquake and the Como Street apartment situations. He also requested Mr. Berkich relay his comments concerning staff's failure to respond to the bonding for the Events Center and from E. Don Payne on a 20 plus overrun. These requests had not been made through Mr. Berkich but rather direct to staff. He urged Mr. Berkich to address this situation at his next staff meeting.

Discussion ensued concerning the amplifier and Mayor Teixeira and Supervisor Bennett directed new equipment be procured correcting the situation.

CITIZEN COMMENTS (3-0502) - Pastor Jesse Gallegos from the Capitol Baptist Church commended Mr. Berkich on his action on the Como Street apartment problem. He was concerned, however, about the lack of adequate housing for low income individuals. These individuals lack the credit information necessary to obtain housing even though the Red Cross and FISH are willing to provide the security deposits, first month rent, and "credit money." He urged the City to continue to resolve the situation and not abandon the individuals/families. He then noted that there are two other apartment complexes within the City in the same condition. Mayor Teixeira suggested the individuals contact their employers and attempt to obtain a raise. Although he was empathetic, the employers should also be involved in the correction. Board discussion ensued concerning whether stronger ordinances/statutes should be considered addressing health/welfare/upkeep involved in the landlord/tenant issues. Mr. Waters urged the individuals to contact the Northern Nevada Rural Legal Services for low cost legal assistance. Discussion included reasons the individuals may not have contacted their employers as well as their right to do so.

Supervisor Feticc moved to adjourn. Supervisor Bennett seconded the motion.

(3-0785) Richard W. Davis expounded on his feeling that the individuals could not discuss the monetary issue with their employer due to language and cultural differences. He also noted his and his wife's attempts to locate housing for those individuals. He urged the City to pursue whatever legal avenues are available and to create funding for low cost housing. Also, the City needed to act swiftly to avoid becoming like Los Angeles with its crime problems. He thanked Mr. Berkich, Supervisor Smith, and Mayor Teixeira for becoming actively involved. He also commended Gayle McCullough at Welfare on his attempts to locate housing. He felt that the problem was a result of the Immigration laws and failure to address the problems. He also requested prompt action against Mr. Woodside.
