Proposed Motion

I move to approve Contract No. 1516-167 Geographic Information Systems (GIS) Services to Applied Geographics, Inc. for an amount not to exceed \$90,000, to be funded from the Geographic Information Systems Fund as provided in fiscal year 2016/2017 budget.

Board's Strategic Goal

Efficient Government

Previous Action

Background/Issues & Analysis

In 2011, the GIS department was split up due to budget cuts. Douglas County has performed that service for Carson City by interlocal agreement since 2011. City staff recommends bringing the service back to Carson City. Rather than hire additional staff, staff is recommending to hire consultants to support the internal services, external (public) services and optimizing/upgrading workflows to save time/money.

Pursuant to NRS 332.115(1)(b): (1) Contracts which by their nature are not adapted to award by competitive bidding, including contracts for (b) Professional Services and NRS 625.530, contracts for the services of a professional engineer, professional land surveyor or registered architect; that the selection was made on the basis of the competence and qualifications of the engineer, land surveyor or architect for the type of service to be performed and not on the basis of competitive fees; and therefore not suitable for public bidding.

7. CONTRACT TERMINATION:

7.1 Termination Without Cause:

7.1.1 Any discretionary or vested right of renewal notwithstanding, this Contract may be terminated upon written notice by mutual consent of both parties or unilaterally by either party without cause.

7.1.2 **CITY** reserves the right to terminate this Contract for convenience whenever it considers termination, in its sole and unfettered discretion, to be in the public interest. In the event that the Contract is terminated in this manner, payment will be made for SERVICES actually completed. If termination occurs under this provision, in no event shall **CONSULTANT** be entitled to anticipated profits on items of SERVICES not performed as of the effective date of the termination or compensation for any other item, including but not limited to, unabsorbed overhead. **CONSULTANT** shall require that all subcontracts which it enters related to this Contract likewise contain a termination for convenience clause which precludes the ability of any subconsultant to make claims against **CONSULTANT** for damages due to breach of contract, of lost profit on items of SERVICES not performed or of unabsorbed overhead, in the event of a convenience termination.

7.2 Termination for Nonappropriation:

7.2.1 All payments and SERVICES provided under this Contract are contingent upon the availability of the necessary public funding, which may include various internal and external sources. In the event that Carson City does not acquire and appropriate the funding necessary to perform in accordance with the terms of the Contract, the Contract shall automatically terminate upon **CITY'S** notice to **CONSULTANT** of such nonappropriation, and no claim or cause of action may be based upon any such nonappropriation.

7.3 Cause Termination for Default or Breach:

7.3.1 A default or breach may be declared with or without termination.

7.3.2 This Contract may be terminated by either party upon written notice of default or breach to the other party as follows:

7.3.2.1 If **CONSULTANT** fails to provide or satisfactorily perform any of the conditions, work, deliverables, goods, or any SERVICES called for by this Contract within the time requirements specified in this Contract or within any granted extension of those time requirements; or

7.3.2.2 If any state, county, city or federal license, authorization, waiver, permit, qualification or certification required by statute, ordinance, law, or regulation to be held by **CONSULTANT** to provide the goods or SERVICES or any services required by this Contract is for any reason denied, revoked, debarred, excluded, terminated, suspended, lapsed, or not renewed; or

7.3.2.3 If **CONSULTANT** becomes insolvent, subject to receivership, or becomes voluntarily or involuntarily subject to the jurisdiction of the bankruptcy court; or

7.3.2.4 If **CITY** materially breaches any material duty under this Contract and any such breach impairs **CONSULTANT'S** ability to perform; or

Contract No.1516-167

Title: Geographic Information Systems (GIS) Services

7.3.2.5 If it is found by **CITY** that any quid pro quo or gratuities in the form of money, services, entertainment, gifts, or otherwise were offered or given by **CONSULTANT**, or any agent or representative of **CONSULTANT**, to any officer or employee of **CITY** with a view toward securing a contract or securing favorable treatment with respect to awarding, extending, amending, or making any determination with respect to the performing of such contract; or

7.3.2.6 If it is found by **CITY** that **CONSULTANT** has failed to disclose any material conflict of interest relative to the performance of this Contract.

7.4 Time to Correct (Declared Default or Breach):

7.4.1 Termination upon a declared default or breach may be exercised only after providing 7 (seven) calendar days written notice of default or breach, and the subsequent failure of the defaulting or breaching party, within five (5) calendar days of providing that default or breach notice, to provide evidence satisfactory to the aggrieved party demonstrating that the declared default or breach has been corrected. Time to correct shall run concurrently with any notice of default or breach and such time to correct is not subject to any stay with respect to the nonexistence of any Notice of Termination. Untimely correction shall not void the right to termination otherwise properly noticed unless waiver of the noticed default or breach is expressly provided in writing by the aggrieved party. There shall be no time to correct with respect to any notice of termination without cause or termination for nonappropriation.

7.5 Winding Up Affairs Upon Termination:

7.5.1 In the event of termination of this Contract for any reason, the parties agree that the provisions of this **Subsection 7.5** (Winding Up Affairs Upon Termination) survive termination:

7.5.1.1 The parties shall account for and properly present to each other all claims for fees and expenses and pay those which are undisputed and otherwise not subject to set off under this Contract. Neither party may withhold performance of winding up provisions solely based on nonpayment of fees or expenses accrued up to the time of termination; and

7.5.1.2 **CONSULTANT** shall satisfactorily complete SERVICES in progress at the agreed rate (or a pro rata basis if necessary) if so requested by **CITY**; and

7.5.1.3 **CONSULTANT** shall execute any documents and take any actions necessary to effectuate an assignment of this Contract if so requested by **CITY**; and

7.5.1.4 **CONSULTANT** shall preserve, protect, and promptly deliver into **CITY** possession all proprietary information in accordance **Section 19** (CITY OWNERSHIP OF PROPRIETARY INFORMATION).

7.6 Notice of Termination:

7.6.1 Unless otherwise specified in this Contract, termination shall not be effective until seven (7) calendar days after a party has provided written notice of default or breach, or notice of without cause termination. Notice of Termination may be given at the time of notice of default or breach, or notice of without cause termination. Notice of Termination may be provided separately at any time after the running of the 7-day notice period, and such termination shall be effective on the date the Notice of Termination is provided to the party unless a specific effective date is otherwise set forth therein. Any delay in providing a Notice of Termination after the 7-day notice

period has run without a timely correction by the defaulting or breaching party shall not constitute any waiver of the right to terminate under the existing notice(s).

8. REMEDIES:

Except as otherwise provided for by law or this Contract, the rights and remedies of the parties shall not be exclusive and are in addition to any other rights and remedies provided by law or equity, including, without limitation, actual damages, and to a prevailing party reasonable attorney's fees and costs. The parties agree that, in the event a lawsuit is filed and a party is awarded attorney's fees by the court, for any reason, the amount of recoverable attorney's fees shall not exceed the rate of \$125 per hour. **CITY** may set off consideration against any unpaid obligation of **CONSULTANT** to **CITY**.

9. LIMITED LIABILITY:

CITY will not waive and intends to assert available NRS Chapter 41 liability limitations in all cases. Contract liability of both parties shall not be subject to punitive damages. Liquidated damages shall not apply unless otherwise expressly provided for elsewhere in this Contract. Damages for any **CITY** breach shall never exceed the amount of funds appropriated for payment under this Contract, but not yet paid to **CONSULTANT**, for the fiscal year budget in existence at the time of the breach. **CONSULTANT'S** tort liability shall not be limited.

10. FORCE MAJEURE:

Neither party shall be deemed to be in violation of this Contract if it is prevented from performing any of its obligations hereunder due to strikes, failure of public transportation, civil or military authority, act of public enemy, accidents, fires, explosions, or acts of God, including, without limitation, earthquakes, floods, winds, or storms. In such an event the intervening cause must not be through the fault of the party asserting such an excuse, and the excused party is obligated to promptly perform in accordance with the terms of this Contract after the intervening cause ceases.

11. INDEMNIFICATION:

11.1 To the extent permitted by law, including, but not limited to, the provisions of NRS Chapter 41, each party shall indemnify, hold harmless and defend, not excluding the other's right to participate, the other party from and against all liability, claims, actions, damages, losses, and expenses, including but not limited to reasonable attorney's fees and costs, arising out of any alleged negligent or willful acts or omissions of the indemnifying party, its officers, employees and agents. Such obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of the indemnity which would otherwise exist as to any party or person described in this Section.

11.2 As required by NRS 338.155, if this Contract involves a "public work" construction project as defined above, **CONSULTANT** shall defend, indemnify and hold harmless the **CITY**, and the employees, officers and agents of the public body from any liabilities, damages, losses, claims, actions or proceedings, including without limitation, reasonable attorney's fees, to the extent that such liabilities, damages, losses, claims, actions or proceedings are caused by the negligence, errors, omissions, recklessness or intentional misconduct of the **CONSULTANT** or the employees or agents of the **CONSULTANT** in the performance of the Contract. Such obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of the indemnity which would otherwise exist as to any party or person described in this section. However, with respect to any anticipated benefits to **CITY** resulting from the Scope of Work, **CONSULTANT** shall not be responsible or liable to **CITY** for any warranties, guarantees, fitness for a particular purpose or loss of anticipated profits resulting from any termination of this Contract. Additionally, **CONSULTANT** shall not be responsible for acts and decisions of third parties, including governmental agencies, other than **CONSULTANT'S** subcontractors, that impact project completion and/or success.

11.3 Except as otherwise provided in **Subsection 11.5** below, the indemnifying party shall not be obligated to provide a legal defense to the indemnified party, nor reimburse the indemnified party for the same, for any period occurring before the indemnified party provides written notice of the pending claim(s) or cause(s) of action to the indemnifying party, along with:

11.3.1 a written request for a legal defense for such pending claim(s) or cause(s) of action; and

11.3.2 a detailed explanation of the basis upon which the indemnified party believes that the claim or cause of action asserted against the indemnified party implicates the culpable conduct of the indemnifying party, its officers, employees, and/or agents.

11.4 After the indemnifying party has begun to provide a legal defense for the indemnified party, the indemnifying party shall not be obligated to fund or reimburse any fees or costs provided by any additional counsel for the indemnified party, including counsel through which the indemnified party might voluntarily choose to participate in its defense of the same matter.

11.5 After the indemnifying party has begun to provide a legal defense for the indemnified party, the indemnifying party shall be obligated to reimburse the reasonable attorney's fees and costs incurred by the indemnified party during the initial thirty (30) day period of the claim or cause of action, if any, incurred by separate counsel.

12. **INDEPENDENT CONTRACTOR:**

12.1 **CONSULTANT**, as an independent contractor, is a natural person, firm or corporation who agrees to perform SERVICES for a fixed price according to his or its own methods and without subjection to the supervision or control of the **CITY**, except as to the results of the SERVICES, and not as to the means by which the SERVICES are accomplished.

12.2 It is mutually agreed that **CONSULTANT** is associated with **CITY** only for the purposes and to the extent specified in this Contract, and in respect to performance of the contracted SERVICES pursuant to this Contract. **CONSULTANT** is and shall be an independent contractor and, subject only to the terms of this Contract, shall have the sole right to supervise, manage, operate, control, and direct performance of the details incident to its duties under this Contract.

12.3 Nothing contained in this Contract shall be deemed or construed to create a partnership or joint venture, to create relationships of an employer-employee or principal-agent, or to otherwise create any liability for **CITY** whatsoever with respect to the indebtedness, liabilities, and obligations of **CONSULTANT** or any other party.

12.4 **CONSULTANT**, in addition to **Section 11** (INDEMNIFICATION), shall indemnify and hold **CITY** harmless from, and defend **CITY** against, any and all losses, damages, claims, costs, penalties, liabilities, expenses arising out of or incurred in any way because of, but not limited to, **CONSULTANT'S** obligations or legal duties regarding any taxes, fees, assessments, benefits, entitlements, notice of benefits, employee's eligibility to work, to any third party, subcontractor, employee, state, local or federal governmental entity.

12.5 Neither **CONSULTANT** nor its employees, agents, or representatives shall be considered employees, agents, or representatives of **CITY**.

13. **INSURANCE REQUIREMENTS (GENERAL):**

13.1 **NOTICE: The following general insurance requirements shall apply unless these general requirements are altered by any specific requirements set forth in CITY'S solicitation for bid document, the adopted bid or other document incorporated into this Contract by the parties.**

13.2 **CONSULTANT**, as an independent contractor and not an employee of **CITY**, must carry policies of insurance in amounts specified and pay all taxes and fees incident hereunto. **CITY** shall have no liability except as specifically provided in this Contract.

Compliance with the insurance requirements of this Contract shall not limit the liability of **CONSULTANT** or its sub-contractors, employees or agents to **CITY** or others, and shall be in addition to and not in lieu of any other remedy available to **CITY** under this Contract or otherwise. **CITY** reserves the right to request and review a copy of any required insurance policy or endorsement to assure compliance with these requirements.

Executive Summary

Applied Geographics, Inc. (“AppGeo”) will assist Carson City, Nevada (“City”) with geographic information systems (GIS) during the City’s FY 2017. This assistance includes helping the City transition all of its GIS services, data management, and maintenance from the Douglas County GIS Service Center to the City and contract vendors working for the City. The services provided by AppGeo also include improving workflows to include more quality assurance in data maintenance and quality control on data extracted from the master GIS datasets for use by other City business units such as emergency services, Community Development, and Public Works. The City has been improving the accuracy of its parcel GIS dataset by entering parcel dimensions in to the ESRI Parcel Fabric data model. AppGeo will oversee the continued population of this data model and assist the City in determining when the Parcel Fabric data should replace the existing GIS parcel dataset. AppGeo may also assist the City in modernizing the web GIS site itself, since it relies on software that prevents it from being used on most mobile devices. Lastly, AppGeo will assist the City by providing technical support and by overseeing data updates and ensuring that ancillary data products derived from the parcel and street centerline information are up to date.

The work is on a time and materials basis. Estimates Levels of effort estimates are given for the fixed goals, such as conversion of the existing web site back to City-centric resources. Other goals are not amenable to direct estimation; the work plan allots hours on a monthly basis for general support and data updates.

Goals of the Work

The work has five major goals. These are:

1. Transition services and data resources from Douglas County GIS Service Center to Carson City resources

2. Alter existing workflows to make them more efficient and fit with the new locus of data resources
3. Transition the City GIS to using the Parcel Fabric data model
4. Plan the replacement of the existing Assessor web GIS page technology allowing wider use on different devices
5. Provide the City continuous support and perform data extracts as needed

Work Plan

Goal 1. Transition Existing Web GIS Page to Carson City Infrastructure

Carson City already hosts its own ArcGIS for Server (Flex Viewer) web GIS map. This task transitions the information resources, scripts, and associated support activities from support by Douglas County GIS Service Center to be wholly within Carson City's information technology resources.

This work is very important to the continuity of Carson City's web GIS presence. Consequently, it is the first priority in the work.

The work is proposed to be complete, with the site fully functional and tested independent of Douglas County's information technology resources, by the end of July, 2016.

Goal 2. Alter existing workflows to make them more efficient and fit with new data locations

The City's change in data management and maintenance will lead to new workflows for data update, management, and publishing for use by both City business units and by the City's web GIS sites. Updating workflows involves two major kinds of activities: improving how staff (City and AppGeo) interact with datasets; creating or improving

This goal will evolve over the course of the work. It will start in the first month of work and should be complete for existing data within the first two months of work. Workflows will likely need revision again when the Parcel Fabric becomes the authoritative data source for parcels. Workflows may need revision when the web GIS interface changes from the current Flex Viewer application.

Goal 3. Transition the City GIS to using the Parcel Fabric data model

The City is currently moving from a GIS dataset in which parcels are simple features in an ESRI geodatabase feature class to an integrated data model called the ESRI Parcel Fabric. The City will use a contractor (not AppGeo) to continue populating the Parcel Fabric from existing records.

This goal involves AppGeo, the contractor, and the City defining a transition plan that replaces the existing feature class parcels with geographic and attribute data from the Parcel Fabric dataset. One of

the first tasks in this goal is determining when the Parcel Fabric is “good enough” to replace the current dataset. Once this is defined, AppGeo will work with the City and the contractor to measure the Parcel Fabric progress and, when the benchmark for conversion is complete, convert the web GIS and other services to using the Parcel Fabric.

The timing of the work will depend on the rate of Parcel Fabric progress. It is estimated to occur some time during the first six months of the work.

Goal 4. Plan the replacement of the existing Assessor web GIS page technology allowing wider use on different devices

The current web GIS showing the City’s Assessor data uses Adobe Flex technology. This technology does not allow use of the site on many current devices: iOS devices, most cell phones and tablets, and even many desktop computers.

This work will *plan* the replacement of the web site with a contemporary technical solution. This may be moving the existing ArcGIS for Server web site to a different ArcGIS for Server web mechanism or finding a different web GIS platform for the City to use. A key consideration is adding capabilities to the web site. An important criterion is that adding more data sources and / or capabilities should not require changing the web GIS platform yet again.

The outcome of this work is a transition decision, plan, and cost estimation for the change in web-serving technology.

Goal 5. Provide the City continuous support and perform data extracts as needed

This work element provides the City with ongoing support for data maintenance, web site operation, and data extraction. Services will be scheduled on a regular basis each month.

Assumptions

AppGeo’s work plan assumes the following:

- The City will provide access to appropriate information technology resources for designated AppGeo staff
- The City can make key decisions on a reasonable, timely, basis
- The City will designate one or two points of contacts (project managers for the City) who can convey decisions for the City to the AppGeo team and relay questions or needs to other City staff

Project Management

AppGeo actively manages its projects to ensure that work progresses smoothly and to the client’s satisfaction. AppGeo’s Project Manager will communicate with the City on a frequent basis as part of the project. AppGeo’s project team will meet with the City through a combination of webinar and in-person meetings when such meetings are needed. AppGeo suggests biweekly status meetings, scheduled for no more than 30 minutes in length, in which AppGeo, the City, and other invitees quickly report on progress, problems, and upcoming needs or issues.

AppGeo will report on work performed on the project monthly, tying reporting to monthly invoices for services rendered.

AppGeo will designate a Project Manager who will work with at least two other AppGeo staff members – a GIS Developer and a Data Technician. Resumes for key staff have been presented within our Statement of Qualifications.

Cost Proposal

Our goal is to provide the City with a flexible, appropriate, support and development team at the most reasonable cost.

AppGeo estimates the cost of the work, on a time and materials basis, will be \$89,810. Work will be billed as hours are expended, however, and the City’s expenditure may thus be less under the current scope.

Because this is time and materials, the following estimates are presented per goal, but should be considered a rough allocation. AppGeo will use the most appropriate labor categories to accomplish the goals. The hours presented in the cost estimate chart are therefore approximations.

Goal	Cost Estimate	Hours Estimate
Transition Web GIS and Services	\$6,200	Approximately 50 hours
Workflows and Automation Updates	\$11,670	Approximately 100 hours
Transition to Parcel Fabric	\$4,920	Approximately 50 hours
Plan replacement of Flex Viewer web GIS site		
Monthly Routine Support	\$5,350/month (\$64,200)	Approximately 40 hours per month
