16. PURCHASING AND CONTRACTS

16(A) POSSIBLE ACTION TO APPROVE CONTRACT NO. 1819-015 AS A TWO-YEAR CONTRACT, BETWEEN SERENITY MENTAL HEALTH AND THE CARSON CITY JUVENILE SERVICES DEPARTMENT, FOR MENTAL HEALTH AND SUBSTANCE ABUSE SERVICES, EFFECTIVE JULY 1, 2018 THROUGH JUNE 30, 2020, FOR AN ANNUAL AMOUNT OF \$98,280

(9:03:30) - Mayor Crowell introduced this item, and Purchasing and Contracts Administrator Carol Akers presented the staff report. Ms. Akers acknowledged that the amount was budgeted for FY 2018 / 19. Juvenile Services Chief Ali Bannister introduced Dr. Joe McEllistrom and provided an overview of his role in the mental health community. Ms. Bannister read a prepared statement into the record discussing the importance of mental health and substance abuse services. (9:12:45) Dr. McEllistrom provided a brief overview of his professional experience and his contractual relationship with the City. He discussed the importance of the need for diversion. "And these practices ... are not new. They really follow a national best practice model for delivering service when the mental health population of our communities intersect with law enforcement. Just to be clear, I'm not going to benefit from this in any direct way. I just don't want Ali's graduating class to become my freshman class at the jail so, in that way, I hope to benefit."

Dr. McEllistrom reviewed statistical and research information on juvenile offenders and mental health. "By the ... early 2000s, ... 70% of an incarcerated youth population had a diagnosable mental health disorder. ... only 20% of the general population was exhibiting anything like that. So you have a three-fold increase in diagnosed disorders in our juvenile offenders. And in that group, the problem sort of increases because you take that ... 70% out, nearly 80% have a dual diagnosis so that means that there's two disorders, at a minimum, going on. ... So now you've just upped the ante in terms of risk, in terms of treatment complexity. And, out of that group, 60% have three or more diagnosable disorders, further increasing the problems and the barriers to success if they're not addressed appropriately. So ... I'm here to really try to highlight the risks that [Ms. Bannister] faces without this kind of intervention and the need for the intervention because you can see the disparity between the youth in the general population and those that we are incarcerating. And diversion has become the way of doing that." Dr. McEllistrom commended Ms. Bannister on her work.

Supervisor Abowd expressed understanding for the wisdom and the need for the contract. She reviewed statistical information on the increase in suicide rates in young females. In response to a question, Ms. Bannister expressed the opinion that a reason would be increased mental health and substance abuse issues. Dr. McEllistrom advised of "a huge increase in our female population in the jail. And what we know nationally about that population is the tremendous impact of trauma that exists in this group."

Supervisor Bagwell thanked Ms. Bannister for a recent training event. Supervisors Bagwell and Bonkowski reviewed necessary corrections to the contract scope of work, and discussion ensued.

Supervisor Bonkowski suggested limiting the contract to one year in consideration of Serenity Mental Health being a new vendor, and additional discussion followed.

In response to a question, Ms. Bannister reviewed background information on AB395. Ms. Paulson responded to questions of clarification. Mayor Crowell entertained public comment. (9:31:47) District Court Judge James Wilson commended Ms. Bannister and Dr. McEllistrom on their presentation. Judge Wilson considered “this ultimately as a public safety issue which affects the quality of life of everyone that lives in Carson City. If we don’t catch these mental health issues when the children are brought to our attention through delinquent acts and are incarcerated in Juvenile Detention, then Judge Russell and I ... are going to be dealing with them on a much more serious and a much more costly level. It’s necessary because the City is exposed to tremendous liability if we do not provide timely, consistent, quality mental health care to the youth that are in the juvenile process. And we owe a responsibility to the children themselves and these are children. We refer to them as juveniles and youths. These are children. So it’s necessary for those reasons. Judge Russell and I are very grateful to [Ms. Bannister] and all the work that she has done in putting this together. We have met several times. The former City Manager ... my recollection was it was his instigation of the two-year contract. And there is some benefit to consistency. I don’t know if Serenity agreed to this understanding that it was a two-year contract and, if it’s not a two-year contract, what effect that might have on them.

“Financially, we think we’re stuck with it, we being Carson City. We have to fund it. That’s not an option so the question is the best way to do it. Judge Russell and I both believe that this is the best option, the two years with the provision that they can opt out. If Juvenile is not happy with the services that they’re being provided, they can opt out of it. The quality of care, again, the consistency, the timeliness of it are all important. So we’re in favor of approving the two-year contract.” In response to a comment, Judge Wilson advised that the possibility of a permanent employee was discussed. Ms. Bannister advised of having met with the Internal Finance Committee to discuss a full-time employee. “We were encouraged to enter into a contract instead of provide a full-time employee.” Judge Wilson provided additional clarification, and discussion followed. Ms. Paulson explained the Internal Finance Committee’s recommendation of a contractor.

Mayor Crowell entertained public comment and, when none was forthcoming, a motion. **Supervisor Bonkowski moved to approve Contract No. 1819-015, as a one-year contract with a one-year option, between Serenity Mental Health and the Carson City Juvenile Services Department (Probation / Detention), for mental health and substance abuse services, effective July 1, 2018 through June 30, 2019, for a contract amount of \$98,280, allowing the District Attorney’s Office to conform Exhibit A to the comments provided in the record today. Supervisor Bagwell seconded the motion.** Mayor Crowell advised that he would support the motion, but expressed concern that “we’re cutting our nose off to spite our face ... If we ... really need this level of service, which I believe we do, then we ought to be talking about a permanent employee rather than a contract.” Following a brief discussion, Mayor Crowell called for a vote on the pending motion.

Supervisor Bagwell read a prepared disclosure statement into the record, advising of a disqualifying conflict of interest and that she would abstain from discussion and action. Supervisor Bonkowski disclosed a meeting with a member of the Audit Committee, who advised of procedural concerns.

Purchasing and Contracts Administrator Carol Akers presented the staff report. Ms. Paulson advised of the Audit Committee’s recommendation and the subsequent request for proposals process, which she reviewed. She discussed staff’s recommendation of Eide Bailly LLP due to their “level of certifications, ... extensive experience in Nevada ..., and their extensive experience with Carson City. Also their fees came in much lower than the current internal auditors and there would be no additional travel time charged to the budget.”

Mayor Crowell entertained public comment and, when none was forthcoming, a motion. **Supervisor Abowd moved to approve Contract No. 1718-137 for Carson City Internal Audit Services, with Eide Bailly, LLP, for FY 2019, with two one-year options, for a not-to-exceed annual amount of \$110,000. that he would participate in discussion and action. Mayor Crowell entertained additional disclosures. Supervisor Bonkowski read a prepared disclosure statement into the record, advising of a disqualifying conflict of interest and that he would not participate in discussion and action. Supervisor Bonkowski stepped away from the dais. Mayor Crowell entertained additional disclosures; however, none were forthcoming.

At Supervisor Abowd's request, a United Latino Community representative reviewed charges associated with immigration applications. The representative responded to additional questions of clarification. Supervisor Abowd advised of a case in which a person going through the immigration process was charged \$10,000 and the attorney did not appear at the hearing. Supervisor Abowd expressed concern that the level of service actually provides assistance as opposed to putting them in a more vulnerable position. The United Latino Community representative responded to additional questions of clarification. Mayor Crowell suggested that the United Latino Community "do a better job on vetting the people you send ... these folks to because it's just not right to take money and then not show up or give it to somebody else in your firm or give it to a paralegal or something like that."

Supervisor Barrette inquired as to whether a Brewery Arts Center representative was present; however, no one was forthcoming. In response to a question, Ms. McDonald was uncertain as to whether the Brewery Arts Center is proceeding with an audit. Supervisor Barrette requested Ms. McDonald to follow up and for the funding to be contingent on an audit. Supervisor Barrette acknowledged that an audit could not be completed prior to July 1st, and withdrew his request. He expressed the opinion that an audit should be conducted. "They have talked about it for more than a couple of years."

(10:38:21) Nevada Rural Counties RSVP Program Deputy Director / CFO Nick Providenti introduced Director of Development Melanie Barkley. Mr. Providenti provided an overview of the RSVP Program's history of service to the community. He expressed understanding for the difficult decision of the application review work group, and advised that the partial funding recommendation would require scaling back service delivery. "In particular, unfortunately, we predict that we will probably have to scale back our Veterans VIP Program which we have basically just gotten started ... We were hoping to get the funding to keep that going." Mr. Providenti expressed understanding for the "amount of funding ... that is hardwired in the budget every year and we would very much like to make a case to be part of these noncompetitive funds because we believe our services are critical, high priority, and would cost less than the City to provide these services." Mr. Providenti cited transportation services, as an example. He thanked the Board for their consideration, and committed to continued partnership with the City.

Mayor Crowell entertained additional public comment and, when none was forthcoming, a motion. **Supervisor Bagwell moved to allocate the Community Support Services Grant funding for FY2019, as recommended by the application review workgroup and Partnership Carson City. Supervisor Barrette seconded the motion.** Mayor Crowell entertained discussion on the motion. Supervisor Bagwell requested to agendaize the CSSG processes for the Board's annual retreat. Mayor Crowell recessed the meeting at 11:10 a.m., and reconvened at 11:16 a.m.

18(G) POSSIBLE ACTION TO PROVIDE STAFF DIRECTION TO ISSUE A REQUEST FOR PROPOSALS FOR SOLID WASTE AND RECYCLABLE MATERIALS FRANCHISE COLLECTION SERVICE (11:16:27) - Mayor Crowell introduced this item, and entertained disclosures. Supervisor Bonkowski read a prepared disclosure statement into the record, advising of no disqualifying conflict of interest and that he would participate in discussion and action. Mayor Crowell entertained additional disclosures; however, none were forthcoming. Construction Manager Rick Cooley provided background information, and introduced Sloan Vazquez McAfee Partner Charissa McAfee.

Ms. McAfee presented the agenda materials in conjunction with displayed slides. Supervisor Bonkowski advised of having met, together with Supervisor Abowd, with City staff and Ms. McAfee to review the draft documents. "There were a lot of technical corrections that we made to dates, hours of operation, days of operation. ... I'll just stick to the major policy items. The first, which is actually an item that we didn't talk about at our meeting, was the 3% of the 8% franchise fee. Should we be looking at indexing that to CPI so that that portion, which is to go towards the impacts of the ... trash trucks on the road, so that we're keeping up with inflation? ... The next item was just a technical correction. There's a provision in here that allows for the information package about service to be provided to all customers at the end of year five and the end of year 10 of the agreement. And I wanted to add that that would also be provided at the end of year 15 if the vendor exercised the two-year option just so that we're consistent and we're getting that package out every five years. Then ... in the scope ... item 3.4.2, I wanted to add a third bullet point that says, 'Written notice will be provided within five business days to the City for a change of designated liaison.' We have that in our notes already. On page 59 of the draft, of the performance bond, currently this calls for a \$100,000 performance bond. We discussed that. We're looking into whether that's adequate to cover the damage provisions that it would need to cover. ... that may be revised. And then, finally, on page 70 of the package, under 13.10(A), the contractor is required to pay a transfer fee of 1% of the gross billings for the most recently completed rate year if they are requesting an assignment of this contract. And my question was, if the assignment is denied, is that being returned? So we're looking into that as well."

Mr. Cooley responded to questions of clarification and discussion followed. Supervisor Bagwell advised of "technical changes on definitions that are included that don't exist in the document so you'll remove any definition ... that [isn't] used ... and some word deletions and duplications. We're going to work on the illegally dumped definition to make sure that's clearer of what items are in and what items are not. And then I also wanted to be much clearer on what is the bulky items because you have a definition for bulky items but I want to make sure that the e-waste is included in the bulky items ... Also, there were some reporting requirements back to the City that I'd like to make sure that those are going to come to the Board of Supervisors at least once a year; that we can have a report on any of the complaints ... I'd like it to be

CARSON CITY BOARD OF SUPERVISORS

Page 16

a monitoring report to the Board. I also didn't see anything dealing with disabled people that would need help. We talked about it previously but I didn't see that it hit the document as to what their plan is ... What are we going to do if someone needs service help?" Mr. Cooley clarified that push service is specified in the agreement rather than the RFP. Supervisor Bagwell expressed additional concern "in the year-one implementation for the waiver that we want to allow people to haul their own and you're suggesting the 12-month receipt. And I don't think that's appropriate in year one because ... that would start today in reality ... I would like us to consider, for the first year, could we do a six month and then thereafter they can prove. ... I wanted the office in Carson City and you said you would add that they have to have a Carson City office ... We were going to change the annualizing over the ten years to match the contract term of 15 so that the rate would be spread appropriately ...

"I'd like just a little more explanation ... on the master build community through the HOA. I have received a lot of complaints in the current methodology to make sure that they're not getting picked up as single-family residents for the mandatory and yet they're paying through an HOA. So I get a lot of complaints from the Silver Oak area right now that they feel like they're being double charged. So is there a contract monitor that we're going to have in the City for any of those kind of disputes? ..." Mr. Cooley advised that he would be serving in this capacity. He clarified that the agreement refers to the service as "contract administrator." In response to a question, Supervisor Bagwell clarified her concern. Mayor Crowell cautioned against enforcing private HOA agreements. Supervisor Bagwell advised of "technical corrections in the audit area, some date corrections in Section 10.3."

Discussion took place between the Board members, Ms. McAfee, and Mr. Cooley to clarify the provisions of the draft agreement. Mayor Crowell entertained additional Board member questions or comments and, when none were forthcoming, public comments. When no public comments were forthcoming, Mayor Crowell entertained a motion. **Supervisor Bonkowski moved to authorize staff to proceed with the issuance of the Request for Proposals for Solid Waste and Recyclable Materials Collection Services and incorporate the discussion on the record today into the final draft agreement, to include franchised residential and commercial service, mandatory residential service, automated trash and single-stream recycling service, as well as additional options for yard-waste services. Supervisor Abowd seconded the motion.** Mayor Crowell entertained discussion on the motion, and Supervisor Bonkowski emphasized the inclusion of "all of the comments that were read into the record ... per our discussion here today because there's too many to list and I don't want to miss one. So we have a record of the discussion. We can go back and reconcile the discussion and the notes that we read, plus the notes that were submitted by members of the Board." Mayor Crowell entertained additional discussion and, when none was forthcoming, called for a vote.

Mr. Felix discussed the partnership with Pioneer High School, including a full-time teacher that is assigned to the City's detention facility. The teacher is "there 4.75 hours during the summer and we currently have two summer sessions so we can keep those kids earning credits and ... staying on track while they're temporarily removed from the community. During a regular school year, we have the teacher assigned to us for six hours a day." Mr. Felix described the online learning and physical education programs, and reviewed statistical data.

(6:57:05) Pioneer High School Principal Jason Zona described his role to supervise the teacher and ensure curriculum to provide for continued education. "What that used to look like in 2007 was kids would go in to Juvenile Detention for any number of days and they would get packet work from teachers at whatever site. And sometimes that worked; sometimes it didn't. And we didn't really have kids, throughout the years, earning any credits. They would go in, get interrupted, go back into their school, try to catch up. So it was a real challenge. Then we moved to online and we started with the online at Pioneer. We also used that over at [Juvenile Services]. So now, what can happen is a student can be online ... go back into their original site, whether it's Carson High or Pioneer, and continue that class. ... So we're trying to keep it seamless. ... We track how many credits are earned every year and ... we saw that less students are going in and more credits are being earned ..."

School Board President Swirczek commended Ms. Banister on an excellent team, and entertained additional Board member questions or comments. When none were forthcoming, School Board President Swirczek entertained public comment.
