3. FOR POSSIBLE ACTION: TO APPROVE LEASEHOLD LOT LINE ADJUSTMENTS TO PARCEL 219B.

(6:11:25) – Chairperson Law introduced the item. Mr. Tackes gave background and referenced the Airport Counsel’s Report. He also understood that the tenant, Dennis Giangreco, had provided a letter from the Fire Marshall stating that “the intrusion is not much [and] it won’t block the fire equipment”. Mr. Tackes clarified that the next step would be to amend Mr. Giangreco’s lease to add two additional riser rooms; however, according to Mr. Fitzgerald, the legal description provided by Manhard consulting “doesn’t match up with the legal descriptions used to describe [Mr. Giangreco’s] parcel”. Mr. Tackes also noted that he had emailed Mr. Giangreco to find out whether an amendment had been drafted or not. He recommended postponing action on this item until the legal description has been amended. Additionally, Mr. Tackes explained that should Mr. Giangreco wish for him to prepare the amendment, the Authority should be reimbursed for that expense. Mr. Moen believed that per the Planning Department, the final map would be submitted after all the utilities are completed. There were no public comments. The item was tabled until the next meeting.

4. FOR POSSIBLE ACTION: ACCEPT FAA GRANT AIP PROJECT NO. 3-32-0004-032-2018.

(6:15:52) – Chairperson Law introduced the item. Mr. Fitzgerald presented the agenda materials incorporated into the record. He also clarified for Member Barrette that “\$32,906 [of the total grant is] for the AWOS and \$352,000 [is] for the taxiway job”. Mr. Moen explained to Member Golden that the grant acceptance by the Board of Supervisors was scheduled for August 16, 2018, after which a request would be submitted to start the

procurement of parts. Discussion ensued regarding changing the location of the AWOS and Member Golden noted that sometimes the transmission was difficult to receive unless he was on the ground. There were no public comments.

(6:20:10) – Chairperson Law introduced the item. Mr. Moen explained that a scoresheet had been created (incorporated into the record) which would be provided to all Authority members and suggested having a special meeting in early September to review the rankings of the submissions which are incorporated into the record. He also noted that they would follow the FAA advisory circular process, followed by interviews, then negotiations with the top firms. Mr. Tackes stated that the Authority members not on the committee had not been provided with the scoring tool and the statements of qualification; hence, the recommendation to postpone the ranking to a special meeting in September.

(6:25:02) – Member Rogers believed that the subcommittee would prepare the rankings and receive approval from the Authority. However, Mr. Tackes cited the Open Meeting Law, explaining that the subcommittee could only bring data to the Authority without deliberating, which should happen in an open meeting. Discussion ensued regarding the process and the Open Meeting Law and Mr. Tackes believed that the subcommittee members could have their individual recommendations. Member Harvey suggested having the Airport Manager combine the worksheets in order not “to lose all the work that’s gone into it”. Mr. Tackes informed Member Rogers that each individual Authority member’s rankings should be posted on the website. Mr. Moen offered to provide the scoresheets and the information to all Authority members as early as tomorrow. It was suggested to have a Special Meeting to complete the ranking. There were no public comments.
